Hello Tribal Partners,

The EPA has extended the public comment period through Monday, June 19, 2017 for the proposed Underground Injection Control (UIC) Program actions at the Dewey-Burdock site located in the southern Black Hills region. These actions include two draft UIC permits and a proposed aquifer exemption decision. Please see the EPA website for the official announcement and administrative record for these proposed actions:

<https://www.epa.gov/uic/extension-public-comment-period-dewey-burdock-class-iii-and-class-v-injection-well-draft-area-0>

As you are aware, the public comment period is different from our Tribal consultation process. The EPA Tribal consultation process is currently in progress for Dewey-Burdock. Please contact me or Patrick Rogers, the EPA Region 8 Tribal Advisor, at [rogers.patrick@epa.gov](mailto:rogers.patrick@epa.gov) if you wish to set up a consultation meeting.

Thank you,

*Valois*
